

Missouri Ranch Horse Association

Dear Supporter,

The Missouri Ranch Horse Association, MoRHA, was founded in 2005 for the purpose of promoting the working stock-type ranch horse. We achieve this goal by educating the public on the versatility of these great animals and by hosting events that showcase their natural talents and abilities. Our events are attended by exhibitors of all ages and experience levels and with horses representing all major equine associations (AQHA, ApHC, APHA, etc). As a charter of the American Ranch Horse Association, our members have the opportunity to compete at not only the state but at the regional and national level.

Our organization is particularly known for our affordable, family-friendly atmosphere and for our support of both amateur and youth exhibitors. We pride ourselves on the lasting friendships and "show families" created through our events. Participation in our events has consistently grown 25% since 2017 and we believe this is due to the exceptional character and sportsmanship of our exhibitors.

During our 2020 show season, we will host five events located throughout the state – three in Lake Saint Louis, one in Sedalia and one in Carthage. We are seeking support for our 2020 events and awards programs. MoRHA (EIN 26-3811896) is recognized by the IRS as a 501c3 organization and donations are tax deductible.

In return for your support, your business will be featured at all of our events, on our website and on our social media. Specific details regarding our support levels can be found on our sponsorship form and we have levels to suit every budget.

Support of MoRHA exposes your business to the following:

- Over 200 members
- Over 1200 exhibitors and spectators in attendance during our 2020 show season
- Over 2000 Facebook followers and group members
- Over 500 printed show programs distributed during the 2020 show season.

We thank you for your consideration and we look forward to promoting your business!

Respectfully,

Terri Pietka
MoRHA President
